

Meshless Methods: Theory, Algorithms, Applications and Software Workshop

28th -30th January 2018

Date	Time	Description
28 th January 2018	08:00-08:30	Gust Reception
	8:30-09:00	Opening & Introducing
	09:00-11:00	<i>Session 1: Scattered Data Interpolation Problem (S. De Marchi)</i>
	11:00-11:15	Coffee Break
	11:15-13:15	<i>Session 2: Positive Definite Functions (S. De Marchi)</i>
	13:15-14:15	Lunch Break
	14:15-16:15	<i>Session 3: Error Estimates (E. Perracchione)</i>
	16:15-16:30	Closure of the day 1
29 th January 2018	08:30-09:00	Gust Reception
	09:00-10:00	<i>Session 1: Conditionally Positive Definite Functions and Compactly Supported Functions (S. De Marchi)</i>
	10:00-10:15	Coffee Break
	10:15-12:15	<i>Session 2: Partition of Unity Method and Efficiency (E. Perracchione)</i>
	12:30-13:30	Lunch Break
	13:30-15:30	<i>Session 3: Algorithms and Elliptic PDEs (E. Perracchione)</i>
	15:30-15:45	Coffee Break
	15:45-16:00	Closure of the day 2
30 th January 2018	08:00-08:30	Gust Reception
	08:30-10:30	<i>Session 1: RBF Methods for Financial Problems (S. De Marchi)</i>
	10:30-10:45	Coffee Break
	10:45-12:30	<i>Session 2: Software for RBF Approximation (E. Perracchione)</i>
	12:30-13:00	Closure of the Workshop
	13:00-14:00	Lunch Break
